in women undergraduates from 64 to 118 in six years. Also, of the tendency toward a cleavage between the young women within residence without, in view of the need of the outside students of three influences which have changed the tone of the resident students, the Alumnae Assoc. and other friends of the College feel convinced that the appointment of a Dean of Women, such <sup>a poor</sup> as is common in American co-educational colleges would prove of the largest benefit to all the young women of Victoria College.

A pleasing feature of the social life is the democratic spirit in which the rich and the poor share alike in societies, and which causes those who have had greater opportunities share them with those of lesser ones.

The moral tone has exceeded that of previous years, the young women acquit themselves well. The number & perfection of religious organizations seems, however, rather to dull than to inspire the deepest spiritual life.

The report was adopted in motion of Presidents Lang and Rowell. It is on file.

Mrs Roff's report: Mrs Roff reported that the classes in the gymnasium meet every morning at seven, that there is a

class in after-dinner exercises, Swedish folk dances, and light exercises on Wednesday evening after dinner. Since skating is over it is the intention to have two five o'clock classes of games. Special attention is being paid to individual ~~student~~ development, deep breathing, relaxation. Miss Hamilton has taken Miss Rapp's place. After the report, Mrs Rapp spoke of Miss Deane as a possible teacher next year, but as she had not seen Miss D. teach, she was unable to recommend her. Mrs Rapp has herself taught the morning classes until the first of March. There are thirty-four women working in the gymnasium - average at morning classes 10 or 12. 16 are registered for the diploma, 5 of these take them <sup>play cult.</sup> There are not many from Conth Hall in attendance. The Wednesday hour is especially for them. The best time scientifically for classes is before meals. The report is on file.

Mrs R.'s report Miss Richardson's report was considered during a social cup of tea. It showed a balance balance on Feb 27. of \$6452.35 - and it is on file.

Regular Meeting - Thursday April 8, 1909.

The regular meeting of the Committee of Management was held in Annesley Hall on Thursday morning, April 8th at 10.30 o'clock. Present, Madame Burwash, Sutherland, G. Kerr, C. W. Kerr, Gurney, Fudge, Lang, and Miss Addison.

The minutes were read and confirmed.

Mrs Raff then read her report saying that of eighty-one students registered in Annesley and South Halls, seventy-six have taken exercise in the gymnasium. In October a petition signed by thirty young ladies asked Mrs Raff to teach a class in the gymnasium at seven o'clock in the morning. There were two sessions at five for the benefit of the South Hall students, and later, <sup>in the year</sup> after dinner exercises on Wednesday evening. There was also a class in Physiology, Hygiene and Pedagogy in the Maynard Eaton School of Expression on Saturday mornings.

Stress has been laid on the freedom of the body not on the development of muscle, and this has been through expansion and relaxation, poise of body and individual corrective work. Miss Wrey had asked to be relieved at Christmas time and Miss Hamilton has taken her place. Mrs Raff read a letter from me

of the faithful students expressing her satisfaction in what physical culture has done for her. In the discussion which followed, Mrs Raff said that one of the students when asked why the young women did not accept the responsibility of being present, said expressed the opinion that they accepted only individual responsibility. Miss Denne's name was again mentioned, and there was some division of opinion as to the advisability of having so recent a graduate teach those who have been her fellow-students. (Report on file) The matter was left to Mrs Raff.

<sup>new</sup>  
Dr Davis' report was then read. Thirty-four new  
rep't. students had received examination, twenty-eight  
of the upper years had been re-examined and a number of these reported a gain of health and strength during their years at College. She found an increased interest in physical culture, and improvement in bodily position and carriage.

<sup>Report on file</sup>  
Chancellor Burwash then met with the Board of Regents, and explained that a motion had been passed by the Board of Regents asking that Amesley Hall pay interest, on the money invested in the purchase of South Hall ~~\$150~~<sup>(Int \$150)</sup>. But it was not remembered that the present agreement held for five years, and the resolution

Report of Mrs Raff. The report of the Director of the Gymnasium stated that Dr Davis had examined 29 new girls, ~~that they~~<sup>who</sup> were in good general health but not strong, and rather underdeveloped. Seven classes are held weekly, Monday, Tuesday, Wednesday and Thursday at nine (the last at South Hall), and Tuesday, Thursday and Friday at five. Plans are being formulated to meet the needs in deportment and etiquette. Moved by Mrs Sutherland, seconded by Mrs Lang that this report be received. Carried. (Report on file).

Under new business there came up two student matters, a special reception for the Senate of Reception Victoria College, the Faculty, and the Senior Class, also a request from the students to change the form of the regular reception. Their suggestion was to replace the usual reception by an At Home from 4-6 and from 8-10, to which the upper classes would be permitted to invite a larger number of guests than the lower years. The reasons assigned for the change desired were (1) That the previous

housemaid while performing her duties he paid.  
On motion of Mrs Eaton & Mrs Garey this was granted.

Miss Hamilton  
application  
for South Hall  
As there was a vacancy in South Hall in a single room it was suggested that Miss Hamilton, assistant in physical culture be admitted, inasmuch as it would be of advantage to the students to have the teacher in residence and she could also assist Mrs Sheffield in setting up at night. The matter was left in Mrs Sheffield's hands.

May 12, 1910 - Regular meeting.

The regular meeting of the Committee of Management was held in Amesbury Hall at 10 a.m. on Thursday, May 12, 1910. There were present: Mrs Daniels, Carnahan, Kerr, Lang, C. D. Massey, Rowell, Short and the Secretary. In the absence of the President, Mrs Carnahan was asked to take the chair.

After repeating the Lord's prayer, the meeting was opened. As the hour was a little late, and as the Director of the Gymnasium had to leave, she was asked to give her report and that of Dr Davis. The report of the physician showed the examination of thirty students, and the re-examination of the same number. Many of the former, although in good health, showed a want of symmetrical physical development, which could be overcome by supervised treatment in the gymnasium, as was shown by the marked improvement found in those re-examined. She also noted an increase of interest and enthusiasm in gymnasium work. On motion of Mrs Rowell and Mrs Short, this report was received. (on file) and adopted.
